CONTRACT FOR 14 PASSENGER TYPE A-1 MINI SCHOOL BUSES

Contract Period: February 4, 2014 through February 3, 2017

(Note: The above dates reflect the maximum contract period!)

Note: The following contracts were awarded to fulfill the requirements of the “Jacobs Law”. These buses are designated to replace 15 Passenger Vans for any entity whether public or private who carry School Age Children to and from school, including *private schools, daycare facilities and churches*. These are multiple award contracts designed to let the customer make a choice as to the type of bus needed to fit their requirements. The State of South Carolina does not recommend or endorse one manufacturer over another.

Note: Some Chassis may not be available at this time, call the dealers below for availability. Due to the broad range of Lettering and/or Graphics pricing and requests, those items shall be negotiated with the individual Bus Manufacturer or Distributor.
